Meet Heidi Wonderling

Physical Therapist Assistant

UPT Graduate, 2001

Associate of Science, Physical Therapist Assistant

I am so glad I chose UPT for my degree! UPT offers the benefits of a small campus, yet it also provides a state-of-the-art educational facility. The faculty and staff make it their priority to help each student succeed. The PTA Program is designed for students like me, who learn best with hands-on experiences that prepare you for the exciting world of physical therapy. It was a great feeling to have a job offer even before graduation!

Proud of who we are... Proud of what we do
