

# Pitt Partnership Program

The University of Pittsburgh at Titusville and local businesses has joined efforts with the Pitt Partnership Program to offer a 10% discount for UPT students. Every business participating in the partnership program has a banner like the one on the top of this page to indicate their participation.

It's simple and easy for students to utilize this program as a UPT student. Students just need to show their UPT Student ID Card at any of the businesses listed below to receive the 10% discount.
