Pitt Mobile App Challenge
The Pitt Mobile App Challenge gives Pitt undergraduate students at all campuses a chance to share their mobile app ideas with the Pitt community and win some terrific prizes. This year’s App Challenge features a chance in two categories (Show It and Code It) and the opportunity to win Amazon gift cards! All winners will be determined by a combination of student voting and scores awarded by a panel of judges. Students can participate by creating a visual mockup that shows how your app would work (our "Show It" category), or you can go all in and create a working prototype of your app (our "Code It" category). Submissions will be open January 16th and remain open until March 14th. Voting and judging will take place from March 26 - April 8. Choose your challenge and get started now! Ms. Marjorie Straub is the campus contact. You can learn more at pi.tt/appchallenge.
